

Our R100 ribbons represent the Rotary road we travel, our runners tell the story of diversity and inclusion, our baton is filled with the energy of Rotarians around our countries lighting up our communities with service above self.

Rotary | **R100** Baton Relay

The R100 Baton Relay is an event across Australia & New Zealand to celebrate 100 years of Rotary working in our communities.

R100 Baton Relay will run throughout Australia, State by State, District by District, Club by Club.

Our vision is to have every club to participate and involve their communities, to bring local colour and culture, to own their celebration of 100 years of Rotary service with the R100 Baton.

Imagine Rotarians, local personalities, Councillors, community leaders, community groups, and everyday people around Australia & New Zealand carrying the baton of service, and passing it forward.

Celebrating our past, embracing our future | **We are rotary**

HOW CAN YOU GET INVOLVED?

Energise your club and create a celebration of 100 years of Rotary by planning an event - a Dinner, Fund Raiser, Walk through town, or maybe a Fun Run.

Involve your community in your planning, invite members of the public to be part of the committee, engage community groups and businesses to partner with you. Reach out to media to get the message out across your area.

Be Proud. Be Bold. Be involved | **People of Action.**
Be a true Rotarian and pass the baton of service forward.

WHAT'S IN IT FOR YOUR CLUB?

R100 Baton Relay provides opportunity to showcase Rotary in your community. Planning a celebration will

- ~ Actively engage multiple parts of the community
- ~ Creates opportunities to attract new members
- ~ Develop community service concepts in young people
- ~ Build the path for multigenerational clubs

Your event is a fun way to expand your clubs social network and build healthy and diverse fellowship.

ARE YOU EXCITED ABOUT THE R100 BATON RELAY?

We are actively seeking club and district champions, please contact PP Linda Humphries: R100@district9820.org
